RE: Community Update and Covenant Reminders

Dear Property Owner,

Please be advised that as per Article XXII in the Covenants require owners to perform exterior maintenance of the buildings and any other improvements, to include pressure washing and maintaining the landscaping, including the trees, shrubs and grass within the boundaries of his or her Lot.

Also, as per Article XX in the Covenants require all sports and play equipment such as basketball goals and playground equipment to be located to the rear of the dwelling in a manner in which it is not visible from any street. We ask that you please store your equipment properly when not in use.

A copy of the Covenants is available online at www.swiftcreekwoods.com. You may also contact our office directly to obtain copies.

Sincerely,

Marie Eddy, Manager
On Behalf of the Swift Creek Woods Homeowners Association
